

¿Cómo sobrevives en la naturaleza? How do you survive in nature?

¡Hi Ho A Camping We Will Go!

Mi Casita will transform itself into a “Campamento” or Camp during the month of July! We will discover what is needed to survive in the great outdoors through exploring nature, observing personal habits and things we find outside. We will also distinguish between needs and wants as we figure out what is needed to survive. (Is it absolutely essential to bring a train set or play kitchen to a camp ground? :)) We will also discuss basic safety practices such as fire safety and protecting ourselves in nature.

By the end of July, students will:

- Use materials and objects to represent other objects through play
- Engage in geometric play
- Match types of clothing to seasonal weather conditions
- Understand that the things we use can be made from things found in the environment
- Identify what people need to survive vs. personal wants
- Sing songs, chants and rhymes
- Discuss basic safety rules and safety practices
- Discuss what humans need to survive in nature

Ideas to support learning at home:

- Get outside!
- Make pillow forts!
- Go camping
- Show pictures of past camping trips
- Go on a picnic
- Roast marshmallows
